Description

A debate is an organized argument or contest of ideas in which the participants discuss a topic from two opposing sides. Those who agree with this statement or idea are the "Pro" side. Those who will not agree with this statement or idea are the "Con" side.

Divide participants into two teams - the affirmative (pro) and the negative (con). Each team should consist of an equal number of members.

From each class students were divided into groups. And all the teams got allotted with a topic and given 5 minutes of time to think and then started the talk on the topic.

Here one team will support to the topic and based on that only that team argued with opposite team, whereas opposite team opposed to the supported team.

Like above all teams are effectively participate in debate and spoke pros and cons of their topic.

Each team presented their opening statements. This is a brief overview of their main arguments and positions. The affirmative team goes first, followed by the negative team.

Allowed teams to question each other. The affirmative team can question the negative team and vice versa. This helps test the strength of arguments and the depth of understanding.

#### **Cultural Fitment Training**

Name of the Resource Person: Mary Leena

Date :19-04-2023

Venue: : Seminar hall

No. of Students : 250

#### Description

Cultural fitment training is crucial for helping students to understand and integrate into the organizational culture. Here's a general procedure followed to implement cultural fitment training

#### **Assessment of Organizational Culture:**

Identify and define your organization's values, beliefs, and behaviours that constitute its culture. Assess the current cultural landscape within the organization to understand areas that need emphasis during training.

#### **Develop Training Content:**

Created engaging and informative training materials that reflect the organization's values and culture. Used some real-life examples and case studies to illustrate cultural norms and expected behaviours

#### **Customize Content for Different Roles and Levels:**

Personalise the training content to suit the specific needs of different departments, teams, and levels within the organization. Recognize that cultural fitment might vary across departments, and address those differences in the training.

#### **Employee Involvement:**

Encourage students to share their experiences and perspectives related to the organization's culture.
