TRIBUTE TO OUR FOUNDER

Sri. S. P. Sampathy
Founder

Siva Sivani Group of Institutions

The Founder of Siva Sivani Group of Educational Institutions was a man with a vision and believed that nothing is impossible for those who think they can. In 1961, Sri Sampathy started his journey with a mere 25 paise in his pocket and filled with a zeal to create history by continuously evolving and providing top quality education. His dedication and positive attitude helped him brave all the odds and establish an education empire which today is known as Siva Sivani Group of Educational Institutions, a place where personal growth is achieved in tandem with peace, progress and prosperity of the

human society at large.

In pursuit of providing quality education and to create future business leaders, he branched towards the outskirts of twin cities where ample land was purchased to set up a state-of-the-art educational institution with all the amenities in house for all round development of the aspiring students in 1983 and later in 1989 a second milestone was achieved at Kompally which now houses the Siva Sivani Institutions comprising of Siva Sivani Institute of Management (SSIM), Siva Sivani Degree College (SSDC), Siva Sivani Junior College (SSJC) and SPS High School (SPSHS).

PRESIDENT'S DESK

The Journey of this giant called Siva Sivani over the last more than half a century, from the 3rd of August 1961 to be exact, has been on a meandering path but always up hills. Guided by the Founder, who always chose the less trodden pathways and more often than not dared to begin a trail in wilderness, Siva Sivani has always dreamed big and lived those dreams successfully. Between daring to start the first ICSE School in Sanathnagar, decades ago, to starting the

first standalone, non university, non-Government, All India Council for Technical Education, Ministry of Human Resources Development, Government of India approved B-School in Andhra Pradesh in 1992 to being the first authorized center for the Institute of Commercial Management of UK in Andhra Pradesh, there are innumerable firsts in the saga of these group institutions.

As always, I am sure that Siva Sivani Degree College will provide quality education to all its pupils. Change, it is said, is the only constant in progress and we at Siva Sivani have constantly been keeping pace with change. We are now in an era where things move at speeds

surpassing those of light and sound. Time is now of utmost importance, with a foregone conclusion that quality is not compromised even a wee bit for moving at a faster pace. This is the order of the day, in all walks of life and hence equally applicable to the arena of education. To keep abreast with this change, we have now started on a path, which, as in the past, will keep us that one elusive step ahead of our counterparts elsewhere.

I welcome you, as co travelers on this path, to quality education at a faster pace and help realize your dreams that much faster. We intend to hasten the process of turning you into responsible, creative, positive and contributing citizens of our Global Village.

VICE PRESIDENT'S MESSAGE

Dr. Sailesh Sampathy

Greetings from SSDC, a dynamic, progressive and ever-expanding institution. Relentlessly surging ahead on our chosen path, (excelling in providing qualitative education), has been the hall mark of the more than six decades old Siva Sivani group, of which, the more than a decade old SSDC is an integral part.

In the quest of its dream of becoming a 'University' Siva Sivani has been successful in foraging ties in domestic and global arenas at individual and institutional levels. Faculty exchanges, Student exchanges, Joint Certification Programmes, Research, Training and Allied activities at these levels are now routine at SSDC. Goals are achieved at a rapid pace if more and more like-minded people come together. With many initiatives undertaken and hundreds of like-minded people being added each year to the already vast Siva Sivani family, we have moved that much closer to achieving our goals. I invite you to become an integral part of this saga.

ASSOCIATE VICE PRESIDENT MESSAGE

I have the honour and privilege of cordially welcoming you to our learning community and its portals. You want the best for your child as a parent, and we are honoured to work with you to make sure they receive the education they need to meet their future challenges.

Disciplined instruction will teach a learner the value of self-control. For freedom to be fully successful, discipline must provide direction. Success requires self-discipline, which teaches us to put the good of the group ahead of our own interests.

The true purpose of education is to instil a culture of the heart founded on principles, not only to produce individuals who are literate in the language of technology. We must not neglect to educate our children's hearts while teaching their intellect.

We work hard to raise our students to be confident, self-aware adults who care about other people. We constantly work to keep things amicable amongst one another and with the parents of our students. We are working together to ensure the children are successfully raised so they may grow up to be future leaders and role models.

"Education is the most effective tool you can use to alter the world," they say.
