# **GREEN AUDIT / ENVIRONMENT AUDIT**

## AUDIT SCOPE & OBJECTIVES

### Objectives

To evaluate the ongoing effective compliance of the Energy Management System against the requirements of ISO 50001:2018, the scope of certification and your own Energy Management System(EnMS).

The audit will also identify any areas of potential improvement to your management system, as appropriate to the audit scope.

### Scope

**“Providing Educational Services leading to the Award of B.Com (Computer Applications) - Bachelor of Commerce in Computer Applications, B.Com (Business Analytics) - Bachelor of Commerce in Business Analytics, B.Com (Honors) - Bachelor of Commerce (Honors), B.Sc (MSCS) - Bachelor of Science in Mathematics, Statistics and Computer Science, B.Sc (MSDS) -Bachelor of Science in Mathematics, Statistics and Data Science, BBA - Bachelor of Business Administration, BBA(Business Analytics) - Bachelor of Business Administration in Business Analytics and B.Sc (Honors in Computer Science) - Bachelor of Science (Honors) in Computer Science”**

This scope was reviewed during this audit and was considered appropriate, there are no foreseen changes at this time.

### Standard – Audit Criteria

ISO 50001; 2018

### Site location

**NH-44, UG BLOCK VENSAI PROJECTS, KOMPALLY, SECUNDERABAD,  
TELANGANA - 500100, INDIA**

Kompally, Medchal-Mulka (Dt)-500100

### Site Review

The audit was completed on site. A tour of 1 locations was included in this initial audit . These sites were all academic locations.

The site tours included interviews with the facilities managers and Facility Assistants, a review of site energy monitoring and a tour of the buildings including academics areas as relevant.

All of the locations visited were seen to be managed in line with the energy management system with onsite teams demonstrating a good understanding of the significant energy uses and the variables that effect energy efficiency.

### AUDIT CONCLUSION

#### Summary and certification status

During the assessment no nonconformities were raised.

Continued certification is recommended.

The audit plan & objectives have been achieved and the certificate scope remains appropriate.

ISO 50001: During this audit it has been demonstrated and confirmed that there has been continual energy performance improvement made across the business. Examples of which are detailed in this report.

#### Follow up action required

In response to any nonconformity raised you are required to prepare, document and implement a correction and corrective action plan. Each finding must be investigated to identify any root causes or underlying trends. Appropriate action must be taken to eliminate the cause of any nonconformity in order to prevent reoccurrence. The plan must define timely action, time scales and responsibilities.

There is no need to submit this plan to us as the actions detailed will be verified by the auditor during the next visit.

Failure to adequately implement the planned action may result in the raising of a major nonconformity putting your certification in jeopardy.

A response to any opportunity for improvement raised is optional.

## AUDIT FINDINGS

### Nonconformities identified during last visit – (SSDC0110151)

There were no corrective actions required to be taken in response to the last audit.

There are no outstanding nonconformities from previous audits.

### Nonconformities identified during this visit – Aspect Impact register is not updated

The assessment was based on sampling.

## ASSESSMENT COMMENTS & OPPORTUNITIES FOR IMPROVEMENT

### ASSESSMENT COMMENTS

From the sample selected for audit at this surveillance audit the SIVA SIVANI DEGREE COLLEGE management & employees have demonstrated that they are maintaining their Energy Management System (EnMS) in line with Energy management processes and the policy objectives. As can be seen from the findings of this report there is evidence of compliance with both ISO 50001:2018 and the EnMS, Policy and Objectives. The EnMS was seen to have the capability to meet applicable requirements and expected outcomes.

EnPI's are identified and energy objectives have been set as part of the energy review process. From the representative sample taken as part of the audit the EnMS was seen to be capable of achieving Energy policy commitments, objectives and operational control needs. The EnMS was assessed and found to be managing internal monitoring processes & internal audits.

The assessment demonstrated a high level of implementation of the processes and monitoring and measurement activities, ensuring that the planned arrangements are achieved. Management review and internal audits continue to be carried out to a high standard, are effective and conform to the requirements of the standard

Monthly monitoring of energy is reviewed and the results are investigated as appropriate. There is an opportunity to improve the investigation reporting (OFI/02) Energy performance is known and performance is evaluated against the objectives and predicted energy use.

There have been significant improvement made to the detail and effectiveness of the individual site audits. The duration and detail of the audit has been increased, and there is a positive effect can be seen in the energy performance. The audits now include interrogating the BMS and other control systems on site, improving control of energy use and better reflecting the sites occupancy.

The scope of the EnMS has been updated to include carbon emissions from scope 3 sources. This has been done in anticipation of changes to the legal compliance scheme 'PAT Perform Achieve and Trade'. This may include net zero in future. This has been seen as an opportunity to remain compliant with PAT via the ISO 50001:2018 Certification. The details are to be fully established following the issue of government guidance on the changes to the PAT scheme.

There are potential complications with the relationship between Carbon reduction and energy efficiency. This will be monitored at future audits and will become clearer how this will fit in to the ISO 50001 EnMS, once the Indian Government has published the new PAT guidance / Scheme documents.

Continual Improvement of energy performance and the EnMS was demonstrated during this audit and the 3 year cycle. There are processes in place to identify and manage continual improvement. There has been significant improvement in energy performance set against the baseline. PIOEATFW continues to make cycle significant investment in new buildings to replace the older stock. There is an established commitment to continual improvement with stretching future objectives in place

All of the employees and management interviewed during this assessment were positive and demonstrated an awareness of the EnMS. There was an open dialogue established which greatly assisted the auditor – Thank You.

## OPPORTUNITIES FOR IMPROVEMENT

### OFI/01 – LEADERSHIP:

Top Management - Energy Policy and Carbon Management Plan were drafted by the Associate Director (Sustainable Operations) and approved by the Director of Estates.

The Carbon & Environment Action Group (C&EAG), is no longer responsible for this. The leadership section of the Compliance manual, needs to be reviewed to reflect this recent change in authorities.

### OFI/02 – INVESTIGATION OF SIGNIFICANT DEVIATIONS:

Significant deviations are identified as part of the monthly energy monitoring process, with sites identified as having significant deviations required to investigate and respond the energy team.

A number of the responses are limited in detail and slow. Significant deviation needs to be investigated and responded to, to ensure energy performance is maintained. There is an opportunity to improve the response detail and time.  
ISO 50001:2018 9.1.1

Thanks to the company and its people for their time and cooperation during the audit.

**MISCELLANEOUS**

**Changes to your management system**

You must not carry out significant changes to the Energy Management System, without first confirming with your auditor that the proposed changes are acceptable.

**Report distribution**

The report will be distributed to the company representative, the Lead Auditor and the Business Support Team (for archiving), unless otherwise agreed.

**Report confidentiality**

This report will not be disclosed to any third party by us. You are free to circulate it as required, however, if this report is circulated to a third party the entire content (excluding audit trail) must be included.

**NEXT VISIT**

The current 3 year audit programme, audit frequency and duration, were considered during this visit against your current scope and manning levels. The audit program and auditor competences are confirmed as suitable and sufficient and remain unchanged.

The next visit will be due in Oct. 2026 and will be of 1 days duration.

An Audit programme including an agreed outlined plan for your next assessment visit and a summary of previous assessments in the certification cycle is attached to/included in this report. Further details as appropriate will be confirmed prior to your next assessment visit.

Document	Manual No. : 01 Rev. No. : 00				
Evaluation	Does organization's system comply with certification audit criteria?				<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No
	Was there any deviation from audit plan? If Yes Please Specify.				<input type="checkbox"/> Yes, <input checked="" type="checkbox"/> No
	Are proper corrective & preventive actions taken according to the results of internal audit?				<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No
	Was there any issue impacting the audit program? If Yes please specify				<input type="checkbox"/> Yes, <input checked="" type="checkbox"/> No
	Is there any significant changes that can affect management system since last audit & any difference between data submitted by organization and assessed in on-site audit?				<input type="checkbox"/> Yes, <input checked="" type="checkbox"/> No
	Is it assured that organization maintain and develop its system continuously?				<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No
	(Additional review points in reassessment)				
	Does all elements of system effectively interact with one another?				<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No
	Is there any unresolved issue identified? If Yes Please specify.				<input type="checkbox"/> Yes, <input checked="" type="checkbox"/> No
	Is it assured that organization has commitment for maintaining its system effectively?				<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No
Audit Result	(Additional review point in surveillance)				<input checked="" type="checkbox"/> Yes, <input type="checkbox"/> No
	Is the certification mark properly used?				
Overall evaluation of audit review The management commitment in the form of Quality Management policy and EMS policy and objectives were found displayed in all the departments endorsed by Top management. While talking to the Top Management it became ample clear that the management had a budget for the improvement of quality factors related to the examination, delivery of the lecturer, and introduction of the new technologies for the learning. The objectives and Quality management SIVA SIVANI places the highest value on teamwork and mutual respect among its' teachers and between students. their success is the result of working diligently as a team to do each job right as well as maintaining a long-terms perspective and integrity in the face of daily pressures. They constantly adapt skills to meet individual student needs and the opportunities of the marketplace. The auditors are convinced that after closure of these 01 minor NC CARS and its implementation the will have a good, ISO 9001:2015 and ISO 14001: 2015.Hence the company is recommended for issue of the certificate system.					
<input checked="" type="checkbox"/> Recommend certification for initial audit; maintain its certification for surveillance. As your system is proper and effectively practiced, certification is recommended. <input type="checkbox"/> After document audit as follow-up, it will be resolved Your system is practiced without any serious major non-conformity as shown from CAR issue. You are required to submit the result of corrective action taken, which includes corrective action, analysis of the reason, and preventive action to KVQA CERTIFICATION SERVICES PRIVATE LIMITED.. Within 1month. When the result is satisfactory, certification will be recommended (certification will be maintained for surveillance).The observations shall be verified in the Surveillance audit <input type="checkbox"/> After on-site visit as follow-up, this will be resolved More than 01 Minor non-conformity is found in your system as shown from above CAR issues. You are required to submit the result of corrective action taken, which includes corrective action, analysis of the reason, and preventive action to KVQA CERTIFICATION SERVICES PRIVATE LIMITED.. Within 1month. Additional on-site visit as follow-up will be conducted and when it is satisfactory, certification will be recommended (maintained for surveillance). <input type="checkbox"/> Not to satisfy with standard Major non-conformities are found in your system as shown from above CAR issues. Re-audit is required.					
Audit fee	Remitted or not?	<input type="checkbox"/> Yes <input type="checkbox"/> No (When audit fee is paid, certification will not be issued/maintained)
