Dancers have limited performing opportunities! We spend all year training, rehearsing, and perfecting routines for a short-lived performance experience with long-lasting benefits. More opportunities to perform on stage allows your dancer to master their nerves and build confidence in presenting themselves to audiences. Dance competitions add more performing opportunities which greatly improve their technique and performance skills.

Objective of the Event:

To build self-confidence, promote self-esteem and engage in emotional inclusion. It also enables skill development on style and dance forms. To promote cultural representation

Outcome of the Event

Dance has always been a part of human culture, rituals and celebrations. Today, most dancing is about recreation and self-expression, although it can also be done as a competitive activity. Dancing is an enjoyable way to be more physically active and stay fit.
