EVENT DESCRIPTION

Event Name: PHOTOGRAPHY & SHORT FILM.

Event Description: The word Photography literally means 'drawing with light', which derives from the Greek photo, meaning light and graph, meaning to draw. Photography is the process of recording an image – a photograph – on light sensitive film or, in the case of digital photography, via a digital electronic or magnetic memory.

The photograph is evident in nearly every aspect of modern life. As a form of communication and documentation, photographs are present in newspapers, magazines, advertisements, posters, television, the Internet, passports, ID cards, archives, security and Surveillance Systems, forensics and medicine.

Photography also plays an important role in domestic and recreational activities. Most photographs produced today take the form of Snapshots documenting activities such as holidays and celebrations. Despite the prevalence of photography in many aspects of modern life, only a small minority of photographs are considered to be art and tend to be displayed in museums and galleries in formats similar to painting.

Objective of the Event:

- **Documentary and Journalism:** To document real-world events, people, and places, providing a visual record for journalistic, documentary, or educational purposes.
- **Street Photography:** To capture candid moments and scenes in public spaces, reflecting the diversity and dynamics of urban life.
- **Professional Career:** To build a successful career in photography, whether as a freelance photographer, photojournalist, commercial photographer, or in other specialized fields.

Outcome of the Event:

- **Professional Development:** Photography can lead to professional development and career opportunities for individuals pursuing careers as photographers, photojournalists, or in related fields.
- **Historical Record:** Photographs contribute to the historical record, providing visual evidence of historical events, societal changes, and cultural shifts.

EVENT DESCRIPTION

Event Name: MEHENDI

Event Description: Mehendi, also known as henna, is a form of body art that has been practiced for centuries in various cultures around the world. The word "mehendi" is derived from the Sanskrit word "mendhika," referring to the henna plant itself.

Mehendi is not only an art form but also a social and cultural tradition that brings people together during celebrations. It is a beautiful and temporary way to adorn the body and express creativity.

Objective of the Event:

Cultural and Traditional Significance: One of the primary objectives of applying mehendi is its cultural and traditional significance. In many cultures, particularly in South Asia, the Middle East, and North Africa, mehendi is an integral part of weddings and other festive occasions. It symbolizes good luck, prosperity, and the beginning of a new chapter in life.

Rituals and Ceremonies: Mehendi is often applied during pre-wedding rituals and ceremonies. It is considered a sacred and auspicious tradition, signifying the bride's transition into a new life and the strengthening of bonds within the family.

Symbol of Love: In the context of weddings, mehendi is often seen as a symbol of love between the bride and groom. It is believed that the darker the mehendi stain on the bride's hands, the stronger the love between the couple.

Outcome of the Event:

Design and Aesthetics: The primary outcome is the visual design created on the skin. Mehendi designs can range from simple to intricate patterns, and the final appearance depends on the skill of the artist or the person applying it. The design may include geometric shapes, floral patterns, peacocks, and other culturally significant motifs.

Positive Vibes and Well-Being: Some cultures attribute positive energy, blessings, and well-being to the outcome of mehendi. It is believed to bring good luck and protect individuals from negative influences.

Social and Community Aspects: The outcome of mehendi often contributes to the social aspect of the application process. It creates a sense of community and bonding when applied during gatherings or celebrations, as family and friends may participate in the application process together.
