On 29-08-2022, a guest lecture on "Center in English Language Teaching (CELT)" was held at Osmania University for BBA students of Siva Sivani Degree College. The lecture was delivered by the Resource person Ms. Lakshmi Mantha.

The Center in English Language Teaching (CELT) is a widely recognized qualification for individuals interested in teaching English as a foreign language. The CELT program is often offered by language schools and educational institutions around the world. We are living in an era where the world has become a global village. As a result, it has become increasingly necessary not just speaking good English but speaking the same with global intelligibility.

English is now being used extensively all over the world for various purposes. As it is learnt by people all over the world there exist world Englishers, not just one English. However, the British and the American Accents have been considered the models for reasons best known to all of us.

However, it is possible to learn to speak English with a Neutral Accent. All that one needs to do is to be aware of certain Phonetic features of English which helps him/her to do that. This is precisely what our Workshop on Pronunciation Skills and Accent Neutralization seeks to do.

The participants doing the workshop will be trained in producing speech sounds of English accurately. A lot of practice will be given in correct speech habits through Phonic drilling in an exciting way.

The following are some of the components that are covered during the workshop.

**Speech Sounds.**

**Word Accent**

**Accentual Rules**

**Sentence Stress**

**Rhythm and Intonation**
